VINTAGE ELECTRONICS EXPO

All indoors in air-conditioned comfort at the Kalamazoo Expo Center!

ABOUT THIS EVENT

The Vintage Electronics Expo (known for years as "Extravaganza") features seminars, auctions, a social event, and a 20,000 sq. ft. indoor flea market.

The flea market has vintage electronic and related items including radios, audio gear, gaming devices, computers, test equipment, tubes, transistors, parts, advertising, display items and other ephemera including records and video. Folks come from all over the USA, Canada and other countries to attend. For an example of what you might find, search Youtube online for "MARC Extravaganza 2017" (previous years are archived there as well).

The Michigan Antique Radio Club (non-profit) is the host and promoter of the event, which has run since 1985 when the club was founded. General admission is \$5 each day. To attend the other events or to be a seller, you must be registered for the event. See www.thevee.org or the registration form in this pamphlet.

MARC also hosts a winter Vintage Electronics Expo in Farmington Hills, MI on the last Saturday of January. Welcome, and enjoy this unique event, the largest multi-day all-indoors vintage electronics event in the USA! If you can attend only one major antique radio and vintage electronics show this year, make it
